

## Rebox RE-23GA outdoor antenna | DVB-T/T2 reception

Range : upto 80km

Gain : 25 dBi

- mounting parts for vertical & horizontal polarization included
- 10m coaxial cable included
- 5G LTE filtering technology

Delivered in design  
full-color giftbox

RoHS 2.0

5V active antenna

Low power consumption

UHF stationary reception

Built-in low noise amplifier

Shielded connector

Manual included (25 languages)

Frequency range : 470 ~ 694 MHz

Output impedance : 75  $\Omega$

Powered by settop box or by optional  
RE-23FA002 Power Inserter
